Mathematics tutor at University of the Western Cape

From January 2017 to November 2018")

Job Type: Contract

Duties: I was tutoring MAT105 at the University of the Western Cape for first year students. The math consisted of mainly introduction and application of Calculus, Integration and systems of linear equations (Matrix).

I was responsible for presenting the module to students and guiding them to solve math problems during tutorials. It was also my duty with other tutors to invigilate them during examination and to mark their scripts.

Reason for Leaving: end of contract
